

Verizon FiOS at Jordan's Furniture

Verizon FiOS Retail Store at Jordan's Furniture 2008

Owner: Verizon
Architect: Gruskin Architecture + Design
General Contractor: R.C. Griffin, Inc.

Project Summary

This project involved transforming 3100sf of vacant space into a state-of-the-art retail store, showcasing Verizon's FiOS technology. R.C. Griffin, Inc. set and maintained goals of minimal disruption to the Jordan's Furniture operations, as well as the tight scheduling required for the store's grand-opening on the day after Thanksgiving (the busiest shopping day of the year).
